

# Rules and Guidelines for the *2018 Mid-Missouri Percussion Arts Trophy*

## **Percussion Duet-Division**

The competition is held on **March 2, 2018** , at the **Cowan Civic Center in Lebanon, Missouri.**

The 6 pairs of winners of the competition receive trophies, and the top 2 duets in each division will have the opportunity to perform and be critiqued at the Master Class, led this year by the Competition's guest artist, Ji Hye Jung .

There are two divisions of competition: the High School Division (grades 9-12) and the Collegiate Division (freshman through graduate student.)

All competitors have automatic admission to all Competition events (March 3 and 4), including the competition proper, the awards ceremony, the Master Classes, and the feature concert.

### **Rules on Entry to the Competition - Divisions/Eligibility**

**NOTE: *Performers may only compete in one duet per year.***

#### **A. High School Division**

Any High School student (grades 9-12) enrolled in school and studying privately or involved in his/her school's band or orchestra program is eligible. The High School can be either public or private. Home-schoolers at the High School level may compete, but must submit a note from a parent, guardian, or academic supervisor attesting to the fact that they are the appropriate grade for the competition. The student's academic supervisor, music teacher, or band/orchestra director must sign the application approving participation in the competition.

#### **B. Collegiate Division**

Any matriculated student at any College or University (freshman - graduate student) studying percussion (whether or not as a degree major) is eligible. The student's academic supervisor, private teacher, or band/orchestra director must sign the application approving participation in the competition.

### **Rules on Entry to the Competition Common to both Divisions**

Competitors do not have to be enrolled in the same school in order to participate as a duet. All competitors must submit an online application through the "apply" section of this website. An entry fee of \$60.00 per duet (US) is non-refundable. You must push the final submit thumbnail for your application to be sent. All applicants will receive a reply via e-mail from Mrs. Helble within 48 hours of application detailing the payment process

and verifying that you have successfully completed the application process online. You should indicate on your application which member of the duet will be paying for the event or if you need to split the entry fee.

All competitors are expected to provide their own instruments, or inform the Competition that they will need to borrow an instrument. The size of the borrowed instrument must be specified on the application. Any student who destroys any part of a borrowed instrument through misuse/overplaying will be responsible for the full price of replacement of that part/instrument. All competitors must provide their own transportation, food, and lodging if necessary.

A competitor in either division may play any piece of published music written for, or arranged for, unaccompanied percussion duet . You must clear the use of any transcription of a published public domain work with Mrs. Helble prior to the competition. Only percussion instruments may be used.

Music does not need to be memorized for this event. Each duet must provide one original copy of the score to the judge. Competitors can play from a photocopy of their individual part providing they have purchased an original of the part. The choice of music to be performed must be announced to the Competition no later than February 1, 2018.

All competitors in both divisions have a total of 15 minutes to set up, perform, and completely exit the performance area. It is up to each duet how much of their time is spent in performance as long as the 15 minute time limit it not exceeded for the entire set up-performance-exit.

Competitors who have won 1<sup>st</sup> place in the duet division may not compete with the same duet partner for one year.

**The deadline for competition application will be on January 15, 2018 .  
The competition is not limited to students residing/studying in the state of Missouri.**

### **Adjudication**

Judging will be done by a distinguished percussionist whose decisions will be **final and not contestable**. None of the judges are members of the Competition administration. *At no time may a judge converse with any competitor other than comments of critique until after the Awards Ceremony, and judges are not to ask about any competitor's school or teacher until after the Awards Ceremony.*

### **Awards**

All competitors will receive a plaque with a rating attached (Exceptional, Superior, Excellent or Good) and copies of the judge's notes. The top three highest rated duets in each Division will receive a trophy. The 1st place rated players in each Division will have the option to participate in a Master Class with Ji Hye Jung. Participation in the Master Class is not mandatory. If a winning competitor chooses not to participate, the next highest rated player becomes eligible.

Competition space for Ji/lid-Ji/lissouri Percussion Arts Trophy 2018 is limited. Applicants will be entered into the competition on a first come first

served basis. Applications received after all time slots are filled will be placed on a waiting list. Mrs. Helble will notify “waiting list” applicants if a time slot becomes available.
